HELP YOUR SISTERS AND BROTHERS IN AFRICA!

In June 2005, the Ujamma Youth Farming Project (UYFP), an African youth-led farming cooperative, was formed and registered under the Ministry of Youth, Gender and Employment Creation, in the city of Gweru in the Midlands province of **Zimbabwe**. It draws its leadership from former student leaders. Most of its leaders were leaders of student representative councils at institutions of higher learning. The leadership core of UYFP is a very socially conscious unit that despises poverty and desires greatness at family, national and continental levels.

The Ujamma Youth Farming Project (UYFP) has a **100-acre plot** which is used to (1) train African youth in gainful farming initiatives that provide essential skills and (2) contribute to the self-sufficiency of the community, (3) as well as aid in the development of Africa's infrastructure.

THIS PROJECT NEEDS OUR HELP TO FIGHT THE FOOD CRISIS IN ZIMBABWE AND END DEPENDENCE ON AID FROM WESTERN GOVERNMENTS.
